Dear

Please find enclosed an application form for 'Trekking Camp', at Woodlarks on 17th - 24th July 2010.

Captains Log Stardate 2010.

Starfleet Command mission code name "AVATAR"

We have been instructed to travel to the year 2154 and join the Sky People on the planet Pandora. We are to assist them in negotiating the purchase of the rare fuel mineral 'Unobtainium' with the indigenous population, the Na'vi Clan. There is some concern regarding the lack of negotiating skills of the Sky People. Should they transpire to be violent our mission will revert to assisting the Na'vi by becoming AVATARS, and fighting on their side.

There will be Helicopter flights, Waterskiing, 'Toruk' flying and a Folk style party night. We will visit the Tree of Souls, Tree of Voices, Home Tree and Cryo Lab. Should we revert to AVATARS (Very Likely!) you will need to bring as much light blue clothing as you can including hats etc. - It may assist you to see the film AVATAR. (Don't worry if you can't)

Camp this year will be "A fresh start on a new world".- Disabilities will be overcome. For the duration of camp I will be in the guise of Colonel Quaritch. Lynne will be Dr Grace Augustine.

"I SEE YOU.....!"

Please complete the application form as soon as possible so I know how many campers I can accept, and send this with payment to the above address.

Hope to hear from you soon.

Lynne and Glenn Cooper
